

MSHA

“Lighting the Way Through
Learning & Leadership”

Mississippi Speech-Language-Hearing Association
2019 Annual Continuing Education Conference
April 1-3, 2019

Beau Rivage Resort
Biloxi, Mississippi

Thank You from our Executive Board Members and Conference Chairs

We are so thankful for your continued support of the annual MSHA conference! We consider it a huge privilege and honor to serve our members for this remarkable conference! We have been planning this conference for over a year and have strived to make this conference one to remember! We hope that you will find this year's conference both educational and memorable!

We are pleased to offer a variety of topics, not previously offered in the MSHA Annual Continuing Education Conference, to ensure attendees are receiving the most up-to-date information in our fields! As always, we have worked hard to bring you the most relevant information from the Mississippi Department of Education and the Mississippi Division of Medicaid with special speakers direct from the sources! We are pleased to deliver you presenters who frequently speak at regional and national conferences.

Please take advantage of the numerous networking opportunities with your colleagues as you enjoy the beauty of the Gulf Coast and this luxury resort! We have many events planned including a business luncheon, deck/pool party including honors reception and networking luncheon. We promise a terrific time to catch up with old friends and make new ones!

A huge thank you to the MSHA Executive Board, all committee chairs, and our management firm for the countless hours spent contributing to the planning and organization of this annual conference. Also, thank you to our members, presenters, exhibitors, donors, sponsors and volunteers who are the foundation of every conference.

See you at the Beau!

Kim Ward, President

Amy LeBert, Past President/Conference Chair

Jeffalyn Trammell, President-Elect

Gina Jenkins, Vice President: Continuing Education

Anita Apperly, Vice-President: Finance

Kelly Spence, Vice-President: School Issues

Ashley Grillis, Vice-President: Audiology

Linda Piazza, Vice President: Healthcare

Courtney Turner, Vice President: Public Relations/Marketing

Carrie Smith, Conference Chair

Pre-Conference
 Monday, April 1, 2019
 Camelia B, 8:30am – 4:30pm

Connections between speech sound production and literacy:

Assessment and Treatment Implications

PC01

Monday, 8:30-4:30, Camelia Ballroom B (.60 CEU)

Break 9:45-10:00; Lunch on your own 11:45-1:15; break 3:00-3:15

Presenter: Kelly Farquharson, Ph.D., CCC-SLP

This course will discuss the role of phonological representations as they relate to the development of both speech sound production and literacy skills. In particular, this course will focus on improving clinicians' ability to identify risk factors for literacy disorders in children who have speech sound production difficulties. Discussion will include appropriate assessment tools to consider and how to incorporate orthography into speech sound treatment. The benefit of this overall course is to help clinicians see the overlap between speech sound production and literacy and to identify appropriate roles for assessment and treatment.

United Healthcare's Prior Authorization Review Process and Documentation Requirements for Mississippi Medicaid and CHIP members

PC02

Monday, 1:00-4:15p.m, Azalea Ballroom D (.30 CEU)

Break 2:30-2:45

Presenters: Shannon Butkus, Julie Stover

This session will review UnitedHealthcare's prior authorization process for speech therapy services for Mississippi CAN and CHIP members including our clinical coverage criteria. The session will explain the minimum documentation requirements outlined in the Mississippi Division of Medicaid (DOM) Administrative Code Title 23 – "Medicaid Part 213 Therapy Services". The session will also explore ways to enhance the quality of your documentation to support the need for medically necessary services. Within healthcare settings, documentation must explain the individual's functional limitations and reflect the need for skilled services. In this session, the presenters will discuss key aspects of the patient report and plan of care including functional goal writing. We will also provide specific examples of documentation that reflect the need for skilled vs. unskilled care.

Main Conference

Tuesday, April 2, 2019, 8:00am – 5:00pm

ALL SESSION ABSTRACTS/LEARNER OUTCOMES/SPEAKER BIOS CAN BE VIEWED
